

MOTOR NEURONE DISEASE

END OF LIFE CARE EXPERIENCES

ZOOM WEBINAR

Thursday 5 February, 7.30 – 8.30am

BREAKFAST
SESSION

DR NATALIE GAULD

*ONZM MPharm PhD FPS, Principal Investigator of the MND Insight Research,
Research Advisor Motor Neurone Disease New Zealand, Honorary Senior Clinical
Lecturer, School of Pharmacy, The University of Auckland.*

In this webinar data will be presented from the Motor Neurone Disease (MND) Insight Questionnaire Research of people with MND (pwMND), family members of pwMND, and bereaved family members. The primary focus is on end of life, including hospice, assisted dying and preparation for end of life.

Dr Gauld was a leader in improving access to medicines, implementing many innovative pharmacy services and researching medicine access internationally.

Diagnosed with Amyotrophic lateral sclerosis/MND in 2022, Natalie works part-time for Motor Neurone Disease NZ.
