

# REHABILITATION IN A PALLIATIVE CARE SETTING

## ZOOM WEBINAR

Thursday 2 April, 7.30 – 8.30am

BREAKFAST  
SESSION

PRESENTERS:

**AMANDA COYLE**, NZROT

**CISKA KRITZINGER**, NZRP

**JEN MERCER**, NZRP

**MARION MARITZ**, NZRP

Rehabilitation is a vital element of palliative care, carried out collaboratively by the full interdisciplinary team. This presentation explores specific rehabilitative contributions that can enhance quality of life for patients receiving palliative care.

Joining us to present this webinar are members of Hospice West Auckland - Rehabilitation Team:

Amanda: OT since 2015 with experience in rehab, community and now palliative care. Passionate about helping people achieve goals and meaningful participation.

Jen: A Physio for more than 30 years working in rehab with people who have complex needs. Passionate about making a difference to quality of life.

Ciska: Qualified as a Physio in South Africa in 1992 and has a special interest in oncology rehabilitation and lymphoedema management.

Marion: Qualified as a physiotherapist in South Africa in 2003 and has a special interest in respiratory care and lymphoedema management.
