

NEW ZEALAND COLLEGE OF CRITICAL CARE NURSES
WEBINAR

SEPSIS EARLY RECOGNITION AND TREATMENT

TUESDAY 25 FEBRUARY, 7PM – 8PM

CAMILLA HOWARD

Sepsis Clinical Nurse Specialist

Camilla has been a registered Nurse for 24 years in NZ, Australia, and the UK; primary fields worked in include ICU, ED, aeromedical field, and rural Australia. For the last 10+ years working as a senior Nurse in critical care outreach (PAR) and now as NZ's first sepsis CNS. Camilla has a keen focus on the deterioration patient and improving outcomes in the short and long term for patients in addition to fostering growth among clinicians working with the deteriorating patient. Camilla currently works as a clinician as part of the Infectious Disease team supporting and stewarding best practices in sepsis care delivery from the acute stage through to the outpatient setting, the role also has a focus on quality improvement and consultancy for other providers both in the acute and community settings.

In this webinar Camilla will discuss:

- Sepsis definition and critical language
- The burden of sepsis
- Pathophysiology of the sepsis syndrome
- Recognition / action
- Post sepsis syndrome (PSS) and the burden of a chronic phase post acute event.
