HIP FRACTURES

FROM FIJI TO DUNEDIN – A JOURNEY OF GROWTH

Tuesday 30 July, 7pm – 8pm

PRESENTER:

AIMEE KEOGH

*CNC Orthopaedic
trauma theatre,
Dunedin Hospital*

HIP FRACTURES

Aimee has worked in the operating theatre since graduating as a RN in 2007. She has worked in both public and private hospitals in Dunedin and Australia. Aimee has always had a passion for orthopaedic surgery and has been in her current role as CNC for orthopaedic trauma since 2020 at Dunedin hospital. She is currently Otago/Southland PNC chairperson and is a member of the ORP teaching faculty for AO trauma in NZ.

This session will cover:

- Different types of hip fractures
- Surgical fixation options
- Nursing considerations
- ANZHFR hip fracture care clinical care standard

PRESENTER:

RONEEL NAND

*CNC Main Operating
Theatres, Dunedin
Hospital*

FROM FIJI TO DUNEDIN

A Journey of Growth and Learning as a Perioperative Registered Nurse

Roneel has been a Registered Nurse for over 11 years with 7 of these as a Perioperative Registered Nurse. He is a graduate of Otago Polytechnic after completing his Competency Assessment Program for Overseas Registered Nurses. In his previous role managing the Operating Theatre at a private hospital in Fiji, Roneel gained significant experience in managing staff & resources where he planned and delivered theatre services for diverse patient needs and collaborated with multidisciplinary teams to achieve positive health outcomes. Roneel is deeply passionate about Perioperative Nursing and is an active member of the Perioperative Nursing College.

In this presentation Roneel will discuss his journey as an internationally qualified nurse, the challenges, experiences and obstacles which he faced to achieve his nursing registration in New Zealand in 2023 and how his career as a Perioperative Registered Nurse has been so far at Dunedin Hospital.
