

YOU'RE INVITED TO A **ZOOM WEBINAR**

UPDATE ON CHANGES IN DIABETES CARE

WHAT DO PRIMARY AND COMMUNITY CARE NEED TO KNOW?

**WEDNESDAY 25 JUNE,
7PM – 8PM**

DR RYAN PAUL

*Endocrinologist | Associate Professor of Medicine
University of Waikato, Co-Chair Mahitahi Matehuka
(National Diabetes Network)*

Over the last 4 years, and particularly over the last 6 months, there have been marked changes in the recommended management and available treatments and technology to improve the care for whānau with diabetes. This webinar will explore how we can incorporate these into our daily practice.

Associate Professor Ryan Paul (Ngāti Maru, Hauraki) is a Diabetologist and Endocrinologist. He is experienced in all areas of general endocrinology with a special interest in diabetes and obesity, and is current Co-Chair of the Mahitahi Matehuka (National Diabetes Network).

This webinar will be of particular use to health professionals in primary and community care caring for those with diabetes including, GPs, NPs, Pharmacists, Specialists, Physicians, Dieticians, Allied Health, Kaiawhina, Health coaches and Diabetes Leads.
