

YOU'RE INVITED TO A **ZOOM WEBINAR**

SUPPORTING VETERANS' HEALTH & WELLBEING

**TUESDAY 17 JUNE,
1PM – 2PM**

**CORAL
TOMBLESON**

*Veterans' Affairs,
Rehabilitation Advisor*

Many healthcare professionals are unaware of the treatment, rehabilitation, and support entitlements available through Veterans' Affairs for veterans and their whānau. This webinar aims to bridge that gap by increasing awareness and understanding, particularly for those working with veterans in both rural and urban settings. Access can be especially challenging for veterans living in remote areas of Aotearoa, and improving knowledge among clinicians is key to supporting equitable care.

DAN JOHNSON

*Veterans' Affairs,
Rehabilitation Advisor*

Presenters Coral and Dan bring a wealth of experience. Coral is a NZ-trained Registered Nurse with over 28 years' experience across disability, Pacific health, primary and community services, and government health sectors. Dan is a UK-trained Occupational Therapist with international experience in both physical and mental health, including more than a decade working in New Zealand and with former military personnel at Veterans' Affairs. Join us to better support those who have served.
