

YOU'RE INVITED TO A
ZOOM WEBINAR

NEW ZEALAND
**WOUND CARE
SOCIETY**

PERIPHERAL NEUROPATHY

**WEDNESDAY 13 AUGUST,
7PM – 8PM**

DR LEA WHITTINGTON

*Clinical Lead - High Risk Foot Service,
MidCentral Region*

Join us for an evening webinar with Dr Lea Whittington, Clinical Lead for the High-Risk Foot Service in the MidCentral Region and an experienced educator and clinician with over 25 years in international practice. With a PhD in Complex Wound Healing and a Master's in Microbiology and Parasitology, Lea brings deep expertise in managing high-risk foot conditions. A qualified podiatry prescriber and surgical registrar, she has contributed to international guidelines on pressure injuries and held leadership roles in professional networks.

Lea's session will introduce peripheral neuropathy—its causes, diagnosis, treatment, risks, and management—offering practical insights and resources to support the practice of clinicians in primary and community care. Don't miss this opportunity to learn from a globally connected expert dedicated to best practice and patient-centred care.
